## [InGeoCloudS Newsletter - Second Issue \[1\]](#)

InGeoCloudS has just released its second newsletter to tell you everything about the project's most significant news, such as the release of our Pilot2 or the organization of our next workshop on November 21st in Brussels.

This second issue is also the occasion for you to get more acquainted with InGeoCloudS platform's features or the issue of high-availability and load balancing in the cloud.

Download it now and stay tuned for further news on InGeoCloudS Website!
